In order to satisfy the requirement under 37 C.F.R. §1.98(a)(3) for a concise explanation of the relevance of each item of information, applicant notes with respect to any information that is not in English language as follows:

Reference A) describes a reflector (1) rotating under the roof of the microwave oven to reflect the microwaves around the oven chamber. The non metallic shaft (4) of the reflector has a bayonet coupling (5) with the metallic shaft of the reflector motor (2), which is mounted outside the oven. The motor shaft has a support flange (10) with a spring (11) to press onto the stirrer shaft and secure the coupling. The motor shaft has a transverse pin (9) which locates in a bayonet double slot in a sleeve (6) on the reflector shaft. The snap fitting provides rapid assembly.

Reference B) describes a device for connecting two tubular members by means of a bayonet lock.

The above-identified application discloses and claims an invention patentable over this prior art.

Entry of the references above set forth into the file of the above application is believed to be in order and is respectfully requested.

Respectfully submitted
